

I approached Graham Shapiro because at Cheshire Connect we were having many requests for support with mentoring high level staff in charities. Graham is a respected businessman in Cheshire and has extremely high morals and ethics. These coupled with the passion to help others in a professional capacity ensure that Graham is an excellent mentor and coach for others requesting support.

The Graham Shapiro Foundation has also helped Cheshire Connect in a number of ways. It has been an outstanding skills donor and also has raised funds to support charities that Cheshire Connect works with.

Graham Shapiro's drive and commitment to helping others has seen him raise substantial funds that has been donated to various charities.

The result of Graham's support and commitment to the work of Cheshire Connect has meant that he has made a big impact with individuals and charities that he has supported. Graham is an inspirational individual who always ensures that he is giving his time and commitment to others.
