Dear Graham,

I'm writing to confirm receipt of the Graham Shapiro Foundation's donation and thank you and the Trustees for your kind support of our Covid-19 Appeal.

The Coronavirus pandemic has turned the world on its head, creating disruption and devastation to millions of people worldwide. We all have our part to play individually, and many organisations have a key role in supporting people through these incredibly difficult times. Mind's role is to do what we have always done - support the nations mental health, however, this is on a far greater scale than we have ever seen or experienced.

We're working hard to respond to this emergency situation, as quickly as possible, so that we can ensure that nobody has to face a mental health problem alone. We need to adapt many of our face to face services, whilst demand for information and advice is constantly increasing. We are also frequently monitoring where the need and demand is the highest, so we can make sure that people are getting the support they need, when they need it.

Your grant will help us to do this, and make sure we can be there for everyone who needs us during and beyond these incredibly difficult times. We really are incredibly grateful. Thank you.

Yours sincerely,

Joe McCarthy
